Task 3: Read the text about penguins carefully. Your task is to choose the correct answer that is nearest in meaning to what the story says (a, b or c). Write the letters in the white boxes next to the numbers on the Answer Sheet.

Penguins

Penguins are among the most popular of all birds. They only live in and around the South Pole and the continent of Antarctica. No wild penguins live at the North Pole. There are many different kinds of penguins. The largest penguin is called the Emperor Penguin, and the smallest kind of penguin is the Little Blue Penguin. There are 17 different kinds of penguins in all, and none of them can fly.

Penguins have to be able to survive in some of the Earth's coldest and windiest conditions. They are great swimmers and have thick layers of fat to protect them from the bitter cold. Even in their freezing cold habitats, penguins still have to watch out for predators such as killer whales and seals.
